

MEHMET YILDIZ

Webmaster

SUMMARY

Having interest in science and technology, I have occasionally taken responsibility of managing digital and web contents during my education. It led me to pursue further interest in this field. Now, I am working as freelance webmaster.

I am enrolled in Google Digital Marketing & E-commerce Professional Certificate to expand my knowledge.

EXPERIENCE

Freelance – Webmaster

October 2018 - present

I mainly build websites using Wordpress platform customized for clients' need. Often, this comes with some back-end responsibilities, and it led me to learn basic principles of back-end. I also provide cost reducing ideas for my clients on their web services.

Fatih Sultan Mehmet Vakıf University – Library Assistant – Part Time

November 2018 - March 2019

Had opportunity to learn library management tools, cataloging principles, and database management.
